NIJ FY22 Evaluation of OJP Community Based Violence Intervention and Prevention Initiative (CVIPI) Projects

Overview
The U.S. Department of Justice (DOJ), Office of Justice Programs (OJP), National Institute of Justice (NIJ), seeks applications for independent, rigorous evaluations of projects funded under the Fiscal Year (FY) 2022 OJP Community Based Violence Intervention and Prevention Initiative (CVIPI) solicitation. More specifically, NIJ seeks to fund outcome and impact evaluations of Expansion and Enhancement projects, as defined under Categories 3 and 4 of the OJP solicitation. Evaluations should also examine questions regarding program implementation (e.g., process evaluation). This program furthers the DOJ’s mission by supporting the development of new knowledge and tools to address the challenges of crime and justice in the United States.

This solicitation incorporates the OJP Grant Application Resource Guide by reference. The OJP Grant Application Resource Guide provides guidance to applicants for the preparation and submission to OJP of applications for funding. If this solicitation expressly modifies any provision in the OJP Grant Application Resource Guide, the applicant is to follow the guidelines in this solicitation as to that provision.

Prevention Initiative solicitation, Categories 3 and 4.

To advance Executive Order 13929 Safe Policing for Safe Communities, the Attorney General determined that all state, local, and university or college law enforcement agencies must be certified by an approved independent credentialing body or have started the certification process to be eligible for FY 2022 DOJ discretionary grant funding. To become certified, the law enforcement agency must meet two mandatory conditions: (1) the agency’s use-of-force policies adhere to all applicable federal, state, and local laws and (2) the agency’s use-of-force policies prohibit chokeholds except in situations where use of deadly force is allowed by law. The certification requirement also applies to law enforcement agencies receiving DOJ discretionary grant funding through a subaward. For detailed information on this certification requirement, please visit https://cops.usdoj.gov/SafePolicingEO to access the Standards for Certification on Safe Policing for Safe Communities, the Implementation Fact Sheet, and the List of Designated Independent Credentialing Bodies.

Foreign governments, foreign organizations, and foreign colleges and universities are not eligible to apply. Federal agencies are eligible to apply. (Any award made to a federal agency will be made as an inter-agency reimbursable agreement.)

All recipients and subrecipients (including any for-profit organization) must forgo any profit or management fee.

NIJ will consider applications under which two or more entities would carry out the federal award; however, only one entity may be the applicant. Any others must be proposed as subrecipients (subgrantees). For additional information on subawards, see the OJP Grant Application Resource Guide.

NIJ may elect to fund applications submitted under this FY 2022 solicitation in future fiscal years, dependent on, among other considerations, the merit of the applications and on the availability of appropriations.

Program Description

Overview

OJP is committed to advancing work that promotes civil rights and racial equity, increases access to justice, supports crime victims and individuals impacted by the justice system, strengthens community safety and protects the public from crime and evolving threats, and builds trust between law enforcement and the community.

With this solicitation, NIJ seeks proposals for rigorous, independent evaluations of the outcome and impact of projects funded under the FY 2022 OJP Community Based Violence Intervention and Prevention Initiative solicitation (hereafter, the OJP solicitation). Such evaluations are also expected to examine questions regarding program implementation (e.g., process evaluation). [1] To be considered under this solicitation, an applicant must collaborate with an entity applying to the OJP solicitation and clearly document that collaboration with a signed memorandum of understanding or letter of support. NIJ will only consider applications addressing Categories 3 and 4 of the OJP solicitation.

The knowledge gained through the conduct of these evaluations will build evidence as to the implementation and effectiveness of strategies designed to reduce violent crime using community-based interventions. This solicitation further supports the DOJ Comprehensive Strategy for Reducing Violent Crime.

Beyond the documentation pertaining to the collaborating organization referenced above, applications proposing evaluation data collection involving partnerships with juvenile/criminal justice or other agencies should include a strong letter of support, signed by an appropriate decision-making authority from each proposed, partnering agency. A letter of support should include the partnering agency’s acknowledgement that de-identified data derived from, provided to, or obtained through this project will be archived by the grant recipient with the National Archive of Criminal Justice Data (NACJD) at the conclusion of the award. Applicants and their potential partners are encouraged to review the NACJD’s policies and protections at (NACJD). If selected for award, grantees will be expected to have a formal agreement in place with partnering agencies by October 1, 2022. That formal agreement must include a provision to meet the data archiving requirements of the award.

In the case of partnerships that will involve the use of federal award funds by multiple partnering agencies to carry out the proposed project, only one entity/partnering agency may be the applicant (as is the case with any application submitted in response to this solicitation); any others must be proposed as subrecipients.

Statutory Authority

Specific Information

Though a great deal has been learned about promising strategies for violence intervention, prevention, and reduction, violence in our communities remains a significant problem without a simple solution.[2][3][4] Community violence generally happens outside the home in public spaces. Most community violence involves a relatively small number of people as victims or perpetrators, but violence has detrimental effects on entire communities: eroding public health, causing economic disruptions, and contributing to lasting individual and community traumas. Mitigation efforts typically focus on high-risk individuals, gun violence, and/or specific violent crime problems, as well as the historical and structural challenges that often result in community violence. Higher levels of violence in communities undermine community stability and well-being, and contribute to a lower sense of safety and security. This solicitation seeks to support the in-depth evaluation of projects designed to reduce violent crime in the community with implications for program strategies, practices, and policies.

CVIPI is an approach that uses comprehensive evidence-based intervention and prevention programs to reduce violence through tailored, community-centered initiatives. This includes efforts to address gang and gun violence, based on partnerships between community residents, law enforcement, local government agencies, and other community stakeholders. These multidisciplinary strategies engage with individuals and groups to prevent and disrupt cycles of violence and retaliation and establish relationships with individuals and community assets to deliver services that save lives, address trauma, and provide opportunities to improve the physical, social, and economic conditions that drive violence.

The role of NIJ in CVIPI is to support independent, rigorous evaluations of projects funded under the OJP
NIJ recognizes that the projects funded through the OJP solicitation will implement an expansive range of program approaches and strategies to address community violence, in keeping with the following CVIPI guiding principles, as articulated in the OJP solicitation:

- Targeted Violence Interventions and Supports for Highest-Need Groups
- Community-Centered and Equity-focused
- Integration with Public Safety/Public Health
- Strategic, Data-Driven, and Performance-Focused

NIJ encourages applicants to propose evaluations that address the complexities of CVIPI projects which engage stakeholders across systems such as public safety, public health, education, social services, economic development, housing, and other relevant community sectors. Evaluation applicants should propose the most rigorous, appropriate design, incorporating community stakeholder and resident involvement as a focus in the design and conduct of the evaluation. This may include a focus on participatory or action research.

NIJ strives to support evaluations of CVIPI projects that are evaluable and well-positioned for the conduct of in-depth investigations of outcome and impact, that also examine questions regarding program implementation (e.g., process evaluation). NIJ seeks evaluations that include collaborations with organizations applying for funding under the OJP solicitation Expansion and Enhancement categories (categories 3 and 4). To qualify as an Expansion or Enhancement applicant, organizations must have ongoing community-based violence intervention strategies.

Applicants are expected to demonstrate how their study would build on existing research. The application should include a clear description of the approach(es) to be evaluated, including the purpose, key components, and intended short, intermediate, and long-term outcomes.

In preparing their application, the applicant should work with the OJP applicant organization to develop a conceptual logic model for the CVIPI project to be evaluated. If relevant, applications should include and append supplementary materials to describe the program, practice, or policy under study, and demonstrate that needed data will be available for the study.

NIJ wants to build an understanding not only of whether an overall program is effective, but also of what elements within or external to the program design or implementation contribute to its success or failure. For example, applicants may investigate the impact of particular program services or individuals who provide services (e.g., violence interrupters, skills development) in producing safer communities, as well as how to best engage the community in violence prevention and intervention.

CVIPI projects may impact, either intentionally or unintentionally, outcomes other than violence reduction. Consequently, NIJ is interested in studies that propose to explore outcomes other than violence reduction that such programs may have.

The proposed evaluation should help inform the development or refinement of community intervention and/or prevention programs, policies, and/or practices to reduce community violence. Applicants should clearly describe the external validity of the proposed evaluation approach, with emphasis on how findings may be generalizable to additional populations and jurisdictions.

Funds from any award under this solicitation may include reasonable costs incurred by program personnel to support activities directly and exclusively required for the execution of the research and evaluation (e.g., manual extraction of administrative records).

Note:
Applicants considering research and evaluation as it relates to community and firearm violence prevention and intervention programs, policies, and legislation other than those funded under the OJP solicitation should refer to the NIJ FY22 Research and Evaluation on Violent Crime and Firearm Violence in the Community solicitation.

Goals, Objectives, Deliverables, and Timeline

Goals
The goal of this solicitation is to develop the evidence needed to inform and improve the effectiveness of CVIPI
policies, practices, and programs involving adult, youth, and/or child populations, designed to prevent violent crime and victimization in our communities.

Objectives

The objective of this solicitation is to evaluate the design, implementation, outcomes, and impacts of CVIPI projects funded under the Fiscal Year (FY) 2022 OJP Community Based Violence Intervention and Prevention Initiative (CVIPI) solicitation in order to develop generalizable findings that inform community-based efforts to implement more effective violence prevention and intervention strategies.

Deliverables

Final Research Report. Any recipient of an award under this solicitation will be expected to submit a final research report. Additional information on the final research report requirement for the solicitation is posted on NIJ’s webpage. Applicants should plan to deliver a draft final research report 90 days prior to the conclusion of the award.

Required Data Sets and Associated Files and Documentation. Any recipient of an award under this solicitation will be expected to submit to the National Archive of Criminal Justice Data (NACJD) all data sets that result, in whole or in part, from the work funded by the award, along with associated files and any documentation necessary for future efforts by others to reproduce the project’s findings and/or to extend the scientific value of the data set through secondary analysis.

Deliverables and Dissemination for Practitioners and Policymakers. NIJ also expects that award recipients will make a substantial effort to make the research findings accessible to practitioner and policymaker audiences. This may include producing clear language articles for practitioner/ professional organization journals or presenting key implications for policy and practice at professional organization conferences. Successful applicants will identify professional journals, conferences, and/or other mechanisms that it intends to use or target. This effort will also include producing a report that summarizes the final research report using language suitable for practitioner and policymaker audiences, that NIJ can use for its own dissemination activities.

In addition to these deliverables (and the required reports and data on performance measures), NIJ expects scholarly products to result from each award under this solicitation, taking the form of one or more published, peer-reviewed, scientific journal articles, and/or (if appropriate) law review journal articles, book chapter(s) or book(s) in the academic press, technological prototypes, patented inventions, or similar scientific products.

The Goals, Objectives, and Deliverables are directly related to the performance measures that show the completed work’s results, as discussed in the “Application and Submission Information” section.

Priority Areas

The Department of Justice is committed to advancing work that promotes civil rights and racial equity, increases access to justice, supports crime victims and individuals impacted by the justice system, strengthens community safety and protects the public from crime and evolving threats, and builds trust between law enforcement and the community.

1. Priority Considerations Supporting Executive Order 13985, Advancing Racial Equity and Support for Underserved Communities Through the Federal Government

Consistent with this Executive Order, the term “underserved community” refers to a population sharing a particular characteristic, as well as a geographic community, that has been systematically denied a full opportunity to participate in aspects of economic, social, and civic life or whose members have been historically underserved, marginalized, and adversely affected by inequality. Such communities include, among others, Black people, Hispanics and Latino/a/e people, Native American and other Indigenous peoples of North America (including Alaska Natives, Eskimos, and Aleuts), Asian Americans, Native Hawaiians, and Pacific Islanders.

In support of Executive Order 13985, OJP will:

   A. Give priority consideration to applications that propose research project(s) that will address issues related to racial equity and the removal of barriers to access and opportunity for communities that have been
historically underserved, marginalized, and adversely affected by inequality, when making award decisions.

To receive this consideration, the applicant must describe how the proposed project(s) will address potential inequities and barriers to equal opportunity, and/or contribute to greater access to services for underserved and historically marginalized populations.

B. Give priority consideration to applicants that can demonstrate that their capabilities and competencies for implementing their proposed project(s) are enhanced because the applicant (or at least one proposed subrecipient that will receive at least 30% of the requested award funding, as demonstrated in the Budget Worksheet and Budget Narrative) identifies as a culturally specific organization. To receive this additional priority consideration, applicants must describe how being a culturally specific organization (or funding the culturally specific subrecipient organization(s)) will enhance their ability to implement the proposed project(s) and should also specify which culturally specific populations are intended or expected to be served or to have their needs addressed under the proposed project(s).

Culturally specific organizations are defined for purposes of this solicitation as private nonprofit or tribal organizations whose primary purpose as a whole is to provide culturally specific services to, among others, Black people, Hispanics and Latino/a/e people, Native American and other Indigenous peoples of North America (including Alaska Natives, Eskimos, and Aleuts), Asian Americans, Native Hawaiians, and/or Pacific Islanders.

Note: Addressing these priority areas is one of many factors that the NIJ Director considers in making funding decisions. Receiving priority consideration for one or more priority areas is not a guarantee of an award.

Continuation Funding Intent

NIJ may, in certain cases, provide additional funding in future years to awards made under this solicitation through continuation awards. NIJ will consider, among other factors, NIJ’s strategic priorities, a recipient’s overall management of the award, and the award-funded work’s progress, when making continuation-award decisions.

Availability of Funds

This solicitation, and awards (if any are made) under this solicitation, are subject to the availability of appropriated funds and to any modifications or additional requirements that may be imposed by the agency or by law. In addition, nothing in this solicitation is intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

Types of Awards

NIJ expects to make awards under this solicitation as grants. See the “Administrative, National Policy, and Other
Legal Requirements” section of the OJP Grant Application Resource Guide for a brief discussion of important statutes, regulations, and award conditions that apply to many (or in some cases, all) OJP grants.

Financial Management and System of Internal Controls

Award recipients and subrecipients (including recipients or subrecipients that are pass-through entities) must, as described in the Part 200 Uniform Requirements as set out at 2 C.F.R. 200.303, comply with standards for financial and program management. See the OJP Grant Application Resource Guide for additional information.

Budget Information

If the applicant is proposing a project that reasonably could be conducted in discrete phases, with each phase resulting in completion of one or more significant, defined milestones, then NIJ strongly recommends that the applicant structure the application — specifically including the narrative, expected scholarly products, timelines/milestones, and budget detail worksheet and budget narrative — to clearly define each phase. (This is particularly the case if the applicant proposes a project that will exceed — in cost or the length of the period of performance — the amount or length of time anticipated for an individual award (or awards) under this solicitation.) Given limitations on the availability to NIJ of funds for awards for research, development, and evaluation, this information will assist NIJ in considering whether partial funding of applications would be productive. (If, in FY 2022, NIJ elects to fund only certain phases of a proposed project, the expected scholarly products from the partial-funding award may, in some cases, vary from those described above.)

NIJ may elect to fund applications submitted under this FY 2022 solicitation in future fiscal years, dependent on, among other considerations, the merit of the applications and on the availability of appropriations.

What will not be funded:

- Applications primarily to purchase equipment, materials, or supplies. (A budget may include these items if they are necessary to conduct research, development, demonstration, evaluation, or analysis.)
- Applications that are not responsive to the purposes of this specific solicitation.

The Standard Applicant Information section of the JustGrants application is pre-populated with the SF-424 data submitted in Grants.gov. The applicant will need to review the Standard Applicant Information in JustGrants and make edits as needed. Within this section, the applicant will need to: add zip codes for areas affected by the project, confirm its Authorized Representative, and verify and confirm the organization’s unique entity identifier, legal name, and address.
Proposal Abstract

A proposal abstract (no more than 400 words) summarizing the proposed project, including the purpose of the project, primary activities, expected outcomes, the service area, intended beneficiaries and subrecipients (if known), will be completed in the JustGrants web-based form. This abstract should be written in the third person and will be made publicly available on the OJP website if the project is awarded.

Proposal Narrative

The proposal narrative should be submitted as an attachment in JustGrants. The attached document should be double-spaced, using a standard 12-point; have no less than 1-inch margins; and should not exceed 30 pages. Pages should be numbered and submitted as an attachment. If the proposal narrative fails to comply with these length-related restrictions, NIJ may negatively consider such noncompliance in peer review and in final award decisions.

The following sections must be included as part of the proposal narrative:

a. Title Page (not counted against the proposal narrative page limit)

The title page should include:

- Project title.
- Submission date.
- Funding opportunity number.
- Principal Investigator (and any co-principal investigators).
- Unique author identifier (e.g., ORCID, Researcher ID, Scopus Author ID), if available.
- Requests for consideration under “Priority Area 1(A)” and/or “Priority Area 1(B)”.
- Key words, including science focus areas.
- Contact information (that is, name, address, telephone number, and e-mail address) for both the applicant and the principal investigator.
- Name of the collaborating organization funded under the OJP solicitation and title and location of CVIP application to be evaluated.

b. Table of Contents and Figures (not counted against the proposal narrative page limit)

c. Main Body

1. Statement of the Problem.

The statement of the problem should address the need for research in this area. Applicants should discuss current gaps in data, research, and knowledge, including those for particular justice sectors, for certain populations, and to answer questions relevant to current policy and practice needs and public interests. It is not uncommon for multiple problems to exist simultaneously (for example, there may be a criminal justice problem affecting public safety, a current technical challenge/need identified by forensic practitioners, as well as a scientific/technology gap between the current state of the art and a desired solution) and applicants should discuss each of these clearly and justify the importance of the separate issues. As part of this discussion, applicants should present a review of previous literature and discuss previous research related to these problems.

2. Project Design and Implementation.

Applicants should provide a detailed description of the strategies to implement this research project and address the research questions. Design elements should follow directly from the research project’s goals and objectives and address the program-specific information noted in the solicitation. Applicants should describe the research methodology and analysis plan in detail and demonstrate the validity and usefulness of the data they will collect. Applicants should consider the rigor and soundness of the methodology and analytical and technical approaches for the proposed research and address the feasibility of the proposed
project and potential challenges or problems in carrying out the activities.

If the applicant is seeking priority consideration for Priority 1(A), it should address in this section how the proposed project(s) will address issues related to racial equity and/or the removal of barriers to access and opportunity, and/or contribute to greater access to services, for communities that have been historically underserved, marginalized, and adversely affected by inequality.

Applicants should describe the potential impact of the research and how it may inform or improve criminal or juvenile justice-related policy, practice, or theory in the United States. The applicant should include a discussion of the proposed dissemination plan to produce scholarly products and to make information available to broader interested audiences, such as criminal justice practitioners or policymakers.

4. Capabilities and Competencies.

This section should describe the experience and capability of the applicant organization, key staff, and any proposed subgrantees (including consultants) that the applicant will use to implement and manage this effort and the federal funds under this award, highlighting any previous experience implementing projects of similar scope, design, and magnitude. Applicants should address:

- Experience and capacity to work with the proposed data sources in the conduct of similar research efforts.
- Experience and capacity to design and implement rigorous research and data analysis projects.
- Experience producing and disseminating meaningful deliverables.

Applicants should also outline the management plan and organization that connects to the goals and objectives of the project.

If the applicant is seeking priority consideration under Priority 1(B), it should describe within this section how being a culturally specific organization (or funding a culturally specific subrecipient organization at a minimum of 30% of the project budget) will enhance its ability to implement the proposed project(s) and should also specify which culturally specific populations are intended or expected to be the subject and/or beneficiary of the research conducted under the proposed project(s).

5. Appendices (not counted against the proposal narrative page limit) include:

- The project management plan.
- A logic model that graphically illustrates the program’s theory of change to be measured by the evaluation.
- Either a signed memorandum of understanding or letter of support that documents the applicant organization and the CVIPI organization applying under the OJP solicitation have agreed to collaborate fully in the conduct of the proposed evaluation.
- If the application (including the budget) identifies any proposed non-competitive agreements that are or may be considered procurement “contracts” (rather than subawards), for purposes of federal grants administrative requirements, the applicant also must list the entities with which the applicant proposes to contract.

6. Plan for Collecting the Data Required for this Solicitation’s Performance Measures

Note: Applicants are not required to submit performance data with the application. Rather, performance measures information is included as an alert that successful applicants will be required to submit performance data as part of each award’s reporting requirements.

OJP will require each successful applicant to submit regular performance data that show the completed work’s results. The performance data directly relate to the goals, objectives, and deliverables identified in the “Goals,
Objectives, and Deliverables” discussion.

A list of performance measure questions for this program can be found on page 20.

Applicants can also visit OJP’s performance measurement page at www.ojp.gov/performance for an overview of performance measurement activities at OJP.

Award recipients will be required to submit performance measure data in quarterly financial reports, semi-annual performance reports, and the Final Research Report. NIJ will provide further guidance on the post-award submission process, if selected for award.

Goals, Objectives, Deliverables, and Timeline

Applicants will submit the project’s goals, objectives, deliverables, and timelines in the JustGrants web-based form.

Budget and Associated Documentation

Budget Worksheet and Budget Narrative (Web-based Form)

The applicant will complete the JustGrants web-based budget form. See the OJP Grant Application Resource Guide for additional information.

If the applicant is seeking priority consideration under Priority 1(B) based on the identification of at least one proposed subrecipient as a culturally specific organization, the proposed funding for the subrecipient in the web-based budget form must be a minimum of 30% of award funding.

The budget narrative must also describe how the activities that will be funded with the (minimum) 30% of award funding provided to the subrecipient specifically relate to the priority consideration requested under Priority 1(B) and described in the Capabilities and Competencies section of the application.

The following paragraph (on “Cofunding”) expressly modifies the “Cost Sharing or Matching Requirement” provisions in the OJP Grant Application Resource Guide. The applicant is to follow the guidance in the following paragraph instead of the guidance stated under the “Cost Sharing or Matching Requirement” heading in the OJP Grant Application Resource Guide.

Cofunding: An award made by NIJ under this solicitation may account for up to 100 percent of the total cost of the project. The application should indicate whether it is feasible for the applicant to contribute cash, facilities, or services as non-federal support for the project. The application should identify generally any such contributions that the applicant expects to make and the proposed budget should indicate in detail which items, if any, will be supported with non-federal contributions.

For additional match information, see the “Cost Sharing or Match Requirement” section under Federal Award Information.

If a successful application proposes a voluntary match amount, and OJP approves the budget, the total match amount incorporated into the approved budget becomes mandatory and subject to audit.

Indirect Cost Rate Agreement (if applicable)

The applicant will submit its indirect cost rate agreement by uploading it as an attachment in JustGrants. See the OJP Grant Application Resource Guide for additional information.

Financial Management Questionnaire (including applicant disclosure of high-risk status)

The applicant will download the questionnaire, complete it, and submit it by uploading it as an attachment in JustGrants. See the OJP Grant Application Resource Guide for the link to the questionnaire and additional information.

Disclosure of Process Related to Executive Compensation
This solicitation expressly modifies the OJP Grant Application Resource Guide by not incorporating its “Disclosure of Process Related to Executive Compensation” provisions. Applicants to this solicitation are not required to provide this disclosure.

**Additional Application Components**

Applicants will attach the additional requested documentation in JustGrants.

**Curriculum Vitae or Resumes**

Curriculum vitae of key personnel. Curriculum vitae or resume of the principal investigator and any and all co-principal investigators. In addition, curriculum vitae, resume, or biographical sketches of all other individuals (regardless of “investigator” status) who will be significantly involved in substantive aspects of the proposed project (including, for example, individuals such as statisticians used to conduct proposed data analysis).

**Tribal Authorizing Resolution**

An application in response to this solicitation may require inclusion of tribal authorizing documentation as an attachment. If applicable, the applicant will submit the tribal authorizing documentation by uploading it as an attachment in JustGrants. See the OJP Grant Application Resource Guide for information on tribal authorizing resolutions.

**Timeline Form**

Proposed project timeline and expected milestones.

**Letters of Support**

Letters of cooperation/support or administrative agreements from organizations collaborating in the project, such as law enforcement and correctional agencies (if applicable).

**Research and Evaluation Independence and Integrity Statement**

If an application proposes research (including research and development) and/or evaluation, the applicant must demonstrate research/evaluation independence and integrity, including appropriate safeguards, before it may receive award funds. The applicant will submit documentation of its research and evaluation independence and integrity by uploading it as an attachment in JustGrants. For additional information, see the OJP Grant Application Resource Guide.

**Bibliography/reference**

Bibliography/references. Provide a bibliography of any references cited in the Proposal Narrative.

**Any tools/instruments, questionnaires, tables/chart/graphs, or maps**

Any tools/instruments, questionnaires, tables/charts/graphs, or maps pertaining to the proposed project that are supplemental to such items included in the main body of the narrative.

**List of Individuals in the Application**

To assist OJP in assessing actual or apparent conflicts of interest (including such conflicts on the part of prospective reviewers of the application), provide a complete list of the individuals named or otherwise identified anywhere in the application (including in the budget or in any other attachment) who will or may work (or advise or consult) on the proposed research, development, or evaluation project. Applicants should use the “Proposed Project Staff, Affiliation, and Roles” form available on the NIJ webpage to prepare this list.

**Human Subjects Protection**

Human Subjects Protection paperwork as a separate attachment (documentation and forms related to Institutional Review Board [IRB] review). See https://nij.ojp.gov/funding/human-subjects-protection. **Note:** Final IRB approval is not required at the time an application is submitted.
Privacy Certificate

Request to Use Incentives or Stipends

Applicants proposing to use incentives or stipends payments as part of their research project design, must submit an incentive or stipend approval request, as a separate document, according to the requirements set forth at https://nij.ojp.gov/funding/participant-support-costs-and-incentives-social-science-research.

Consortium/Contractual Arrangements

Explain the programmatic, fiscal, and administrative arrangements to be made between the applicant organization and the consortium organization(s).

Data Archiving Plan

Applicants should anticipate that NIJ will require, through special award conditions, that data sets resulting, in whole or in part, from projects funded under this solicitation be submitted for archiving with the NACJD. See https://nij.ojp.gov/funding/research-development-and-evaluation-grant-award-requirements#data.

Applications should include as an appendix a brief plan as a separate attachment — labeled “Data Archiving Plan” — to comply with data archiving requirements. The plan should provide brief details about proposed data management and archiving, including submission to NIJ (through NACJD) of all files and documentation necessary to allow for future efforts by others to reproduce the project’s findings and/or to extend the scientific value of the data set through secondary analysis. Pertinent files and documentation include, among other things, qualitative and quantitative data produced, instrumentation and data collection forms, codebook(s), any specialized programming code necessary to reproduce all constructed measures and the original data analysis, description of necessary de-identification procedures, and (when required) a copy of the privacy certificate and informed consent protocols.

The plan should be one or two pages in length and include the level of effort associated with meeting archiving requirements.

Note that recipients are strongly encouraged to submit required data sets at least 90 days before the end of the period of performance.

Disclosures and Assurances

The applicant will address the following disclosures and assurances.

Disclosure of Lobbying Activities

Complete and submit the SF-LLL in Grants.gov. See the OJP Grant Application Resource Guide for additional information.

DOJ Certified Standard Assurances

Review and accept the DOJ Certified Standard Assurances in JustGrants. See the OJP Grant Application Resource Guide for additional information.

Applicant Disclosure of Duplication in Cost Items

Applicant Disclosure and Justification – DOJ High Risk Grantees (if applicable)

If applicable, submit the DOJ High Risk Disclosure and Justification as an attachment in JustGrants. A DOJ High Risk Grantee is an award recipient that has received a DOJ High Risk designation based on a documented history of unsatisfactory performance, financial instability, management system or other internal control deficiencies, or noncompliance with award terms and conditions on prior awards, or that is otherwise not responsible. See the OJP Grant Application Resource Guide for additional information.

How to Apply

Step 2: The applicant must then submit the full application, including attachments, in JustGrants in JustGrants.usdoj.gov.

For additional information, see the “How to Apply” section in the OJP Grant Application Resource Guide and the DOJ Application Submission Checklist.

Submission Dates and Time

The SF-424 and the SF-LLL must be submitted in Grants.gov by 11:59 p.m. eastern time on June 7, 2022. The full application must be submitted in JustGrants by 8:59 p.m. eastern time on June 21, 2022.

OJP urges applicants to submit their Grants.gov and JustGrants submissions prior to the due dates to allow sufficient time to correct errors and resubmit by the submission deadlines if a rejection notification is received. To be considered timely, the full application must be submitted in JustGrants by the JustGrants application deadline.

Experiencing Unforeseen Technical Issues

An applicant that experiences unforeseen SAM.gov, Grants.gov, or JustGrants technical issues beyond its control that prevent application submission by the deadline, must demonstrate all efforts in requesting technical support in order to submit an application by the deadline. Technical support is available via phone and email to the applicable SAM.gov, Grants.gov, or JustGrants support centers or service desks in which an applicant received a ticket number for resolution. If an applicant misses a deadline due to unforeseen technical difficulties, the applicant may request a waiver to submit an application after the deadline. Note: If an applicant does not submit all the required Grants.gov forms by the Grants.gov deadline, the applicant will not be able to proceed to the JustGrants portion of the application process.

An applicant experiencing technical difficulties with the following systems must contact the associated support desk indicated below to report the technical issue and receive a tracking number:

- Grants.gov - contact the Grants.gov Customer Support Hotline
- SAM.gov - contact the SAM Help Desk (Federal Service Desk)
- JustGrants - contact the JustGrants Support Desk at JustGrants.Support@usdoj.gov or 833–872–5175

An applicant requesting a waiver to submit a late application must document their request for technical assistance in an email to the OJP Response Center at grants@ncjrs.gov within 24 hours after the application deadline to request approval to submit its application after the deadline. If an applicant has technical issues with Grants.gov, the applicant must contact the OJP Response Center within 24 hours of the Grants.gov deadline to request
approval to submit after the deadline. Waiver requests to submit after the submission deadline must:

- Describe the technical difficulties experienced;
- Include a timeline of the applicant's submission efforts (e.g., what date and time did the error occur, what date and time was action taken to resolve the issue and resubmit; and what date and time did support representatives respond)
- Include an attachment(s) of the complete grant application and all required documentation and material; and
- Include the applicant's Unique Entity Identifier (UEI) and any applicable SAM.gov tracking number(s), Grants.gov Help Desk, and JustGrants Support Desk Ticket Numbers.

OJP will review each request for late submission and required supporting documentation and notify the applicant whether the request has been approved or denied. For more details on the waiver process, OJP encourages applicants to review the “Experiencing Unforeseen Technical Issues” section in the OJP Grant Application Resource Guide.

5. Budget (0%)
In addition, peer reviewers will consider and may comment on the following additional items in the context of scientific and technical merit.

• Total cost of the project relative to the perceived benefit (cost effectiveness).
• Appropriateness of the budget relative to the level of effort.
• Use of existing resources to conserve costs.

Other Review Criteria
Other important considerations for NIJ include geographic diversity, strategic priorities (specifically including, but not limited to, those mentioned above relating to priority areas), available funding, past performance, and the extent to which the Budget Detail Worksheet and Budget Narrative (web-based form) accurately explain project costs that are reasonable, necessary, and otherwise allowable under federal law and applicable federal cost principles.

Review Process
Applications submitted under this solicitation that meet the basic minimum requirements, will be evaluated for technical merit by a peer review panel(s) in accordance with OJP peer review policy and procedures using the stated review criteria listed above.

OJP screens applications to ensure they meet the basic minimum requirements prior to conducting the peer review. Although specific requirements may vary, the following are common requirements applicable to all OJP solicitations:

• The application must be submitted by an eligible type of applicant.
• The application must request funding within programmatic funding constraints (if applicable).
• The application must be responsive to the scope of the solicitation.
• The application must include all items necessary to meet the basic minimum requirements.
• The application, if submitted by an applicant that is a DOJ High Risk Grantee, or is designated “high risk” by a federal grant-making agency outside of DOJ, must not have been determined by the NIJ Director to pose a substantial risk of program implementation failure, based on 1) the applicant's lack of sufficient progress in addressing required corrective actions necessary for removal of the DOJ High Risk Grantee (or non-DOJ high risk) designation, 2) the nature and severity of the issues leading to or accompanying the DOJ High Risk Grantee (or non-DOJ high risk) designation, and/or 3) the applicant's expected ability to manage grant funds and achieve grant goals and objectives.

Pursuant to the Part 200 Uniform Requirements, before award decisions are made, OJP also reviews information
related to the degree of risk posed by the applicant. Among other things to help assess whether an applicant with one or more prior federal awards has a satisfactory record with respect to performance, integrity, and business ethics, OJP checks whether the applicant is listed in SAM as excluded from receiving a federal award.

In addition, if OJP anticipates that an award will exceed $250,000 in federal funds, OJP also must review and consider any information about the applicant that appears in the non-public segment of the integrity and performance system accessible through SAM (currently, the Federal Awardee Performance and Integrity Information System, FAPIIS).

**Important note on FAPIIS:** An applicant may review and comment on any information about itself that currently appears in FAPIIS and was entered by a federal awarding agency. OJP will consider such comments by the applicant, in addition to the other information in FAPIIS, in its assessment of the risk posed by the applicant.

All final award decisions will be made by the Director of the National Institute of Justice, who may consider not only peer review ratings and NIJ recommendations, but also other factors as indicated in this section.

**Federal Award Notices**

See the [OJP Grant Application Resource Guide](#) for information on award notifications and instructions.

For additional information on these legal requirements, see the “Administrative, National Policy, and Other Legal Requirements” section in the [OJP Grant Application Resource Guide](#).
