

NIJ FY23 National Study Examining Interpersonal Violence Experienced By Young Adults

Assistance Listing Number # 16.560

Grants.gov Opportunity Number: O-NIJ-2023-171630

Solicitation Release Date: February 27, 2023 2:30 PM ET

Step 1: Application Grants.gov Deadline: April 28, 2023 11:59 PM ET

Step 2: Application JustGrants Deadline: May 12, 2023 8:59 PM ET

Overview

The [U.S. Department of Justice](#) (DOJ), [Office of Justice Programs](#) (OJP), [National Institute of Justice](#) (NIJ) seeks applications for funding to advance knowledge regarding the interpersonal violence (IV) experiences of young adults. This program furthers the DOJ's mission by supporting the development of new knowledge and tools to address the challenges of crime and justice in the United States through fundamental research.

This solicitation incorporates guidance provided in the [OJP Grant Application Resource Guide](#) which provides additional information for applicants to prepare and submit applications to OJP for funding. **If this solicitation expressly modifies any provision in the OJP Grant Application Resource Guide, the applicant is to follow the guidelines in this solicitation as to that provision.**

Solicitation Categories

This solicitation does not include Solicitation Categories.

Eligible Applicants:

City or township governments, County governments, For profit organizations other than small businesses, Independent school districts, Native American tribal governments (Federally recognized), Native American tribal organizations (other than Federally recognized tribal governments), Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education, Nonprofits that do not have a 501(c)(3) status with

the IRS, other than institutions of higher education, Private institutions of higher education, Public and State controlled institutions of higher education, Public housing authorities/Indian housing authorities, Small businesses, Special district governments, State governments, Unrestricted (open to any type of entity above), subject to any clarification in text field entitled as Additional Information on Eligibility

An applicant entity may submit more than one application, if each application proposes a different project in response to the solicitation. Also, an entity may be proposed as a subrecipient (subgrantee) in more than one application.

NIJ will consider applications under which two or more entities would carry out the federal award; however, only one entity may be the applicant. Any others must be proposed as subrecipients (subgrantees). For additional information on subawards, see the [OJP Grant Application Resource Guide](#).

NIJ may elect to fund applications submitted under this FY 2023 solicitation in future fiscal years, dependent on, among other considerations, the merit of the applications and the availability of appropriations.

Contact Information

For assistance with the requirements of this solicitation, contact the OJP Response Center at 800-851-3420, 301-240-6310 (TTY for hearing-impaired callers only), or grants@ncjrs.gov. The OJP Response Center operates from 10:00 a.m. to 6:00 p.m. eastern time (ET) Monday–Friday, and 10:00 a.m. to 8:00 p.m. ET on the solicitation close date.

Submission Information

Registration: Before submitting an application, all applicants must register with the [System for Award Management \(SAM\)](#). You must renew and validate your registration every 12 months. If you do not renew your SAM registration, it will expire. An expired registration can delay or prevent application submission in Grants.gov and JustGrants. Registration and renewal can take up to 10 business days to complete.

Submission: Applications must be submitted to DOJ electronically through a two-step process via Grants.gov and JustGrants.

Step 1: The applicant must submit by the Grants.gov deadline the required **Application for Federal Assistance standard form (SF-424)** and a **Disclosure of Lobbying Activities (SF-LLL)** form when they register in Grants.gov at <https://www.grants.gov/web/grants/register.html>. **Submit the SF-424 and SF-LLL as early as possible, but no later than 48 hours before the Grants.gov deadline.** If an applicant fails to submit in Grants.gov, they will be unable to apply in JustGrants.

For technical assistance with submitting the SF-424 and a SF-LLL in Grants.gov, contact the Grants.gov Customer Support Hotline at 800-518-4726, 606-545-5035, [Grants.gov Customer Support](https://www.grants.gov/customer-support), or support@grants.gov. The Grants.gov Support Hotline operates 24 hours a day, 7 days a week, except on federal holidays.

Step 2: The applicant must submit the **full application**, including attachments, in JustGrants at [JustGrants.usdoj.gov](https://www.justgrants.usdoj.gov) by the JustGrants application deadline.

For technical assistance with submitting the **full application** in JustGrants, contact the JustGrants Service Desk at 833-872-5175 or JustGrants.Support@usdoj.gov. The JustGrants Service Desk operates 7 a.m. to 9 p.m. ET Monday–Friday and 9 a.m. to 5 p.m. ET on Saturday, Sunday, and Federal holidays.

OJP encourages applicants to review the “[How To Apply](#)” section in the [OJP Grant Application Resource Guide](#) and the [JustGrants website](#) for more information, resources, and training. Applicants should maintain all receipts and confirmations received from SAM.gov, Grants.gov, JustGrants systems.

Program Description

Overview

OJP is committed to advancing work that promotes civil rights and racial equity, increases access to justice, supports crime victims and individuals impacted by the justice system, strengthens community safety and protects the public from crime and evolving threats, and builds trust between law enforcement and the community.

With this solicitation, the National Institute of Justice (NIJ) seeks proposals for a nationally representative, longitudinal study examining long-term trajectories of risk for, experiences with, and recovery after experiencing interpersonal violence (IV, victimization and perpetration) among young adults who do and do not attend college. NIJ is interested in a range of IV committed by partners, family members, acquaintances, and strangers, including nonconsensual sexual contact, intimate partner violence, and stalking. Applicants are strongly encouraged to refer to and familiarize themselves with the recommended study design outlined in the final report for the *National Study of Young Adults, Longitudinal Cohort Pilot Study* (see <https://www.ojp.gov/pdffiles1/nij/grants/300704.pdf>) and the relevant study data and materials at the Inter-University Consortium for Political and Social Research's (ICPSR) National Archive of Criminal Justice Data or NACJD (ICPSR 37914, <https://www.icpsr.umich.edu/web/NACJD/studies/37914>). However, applicants are not limited to these previous recommendations and study materials. Applicants who demonstrate that they will augment the study design to reflect present day contexts and conditions, and/or offer newer and innovative methods, modes, and approaches that enhance efficiency and effectiveness, will be given greater consideration.

NIJ expects that this effort will be funded incrementally, subject to the availability of funds. Applicants are expected to develop their project design in phases with discrete deliverables at the end of each phase, and to budget accordingly. The funds provided with this solicitation in FY 2023 are intended to support only the initial phase(s) of this multi-year effort. The SF-424 and JustGrants budget submitted with the application should reflect the initial phase(s) to be supported by funding available under this solicitation. The applicant's proposed deliverables for the initial phase(s) must include, at a minimum, the deliverables identified under "Interim Project Deliverables" (see below under "Deliverables"). The applicant is also expected to provide, as a separate attachment, a budget for the **full** multi-year study using the budget template available at <https://www.ojp.gov/funding/apply/forms/ojp-budget-detail-worksheet>.

It is anticipated that upon successful completion of the initial phase(s), subsequent years of the project will be funded as a supplement, subject to the availability of funds.

NIJ will give special consideration to proposals with methods that include meaningful

engagement with the people with lived experience of the subject of the study, including, but not limited to, justice practitioners, community members, crime victims, service providers, and individuals who have experienced justice system involvement.

Applicants are encouraged to propose multidisciplinary research teams to build on the complementary strengths of different methods and areas of subject matter expertise. NIJ also seeks proposals that include consideration and measurement of issues of diversity, discrimination, and bias across age, gender and gender identity, race, ethnicity, religion, and sexual orientation, as applicable.

Applications proposing research involving partnerships with criminal justice or other agencies, should include a letter of support, signed by an appropriate decision-making authority from each proposed, partnering agency. A letter of support should include the partnering agency's acknowledgement that de-identified data derived from, provided to, or obtained through an award funded by NIJ will be archived by the grant recipient with the National Archive of Criminal Justice Data (NACJD) at the conclusion of the award. Applicants and their potential partners are encouraged to review [NIJ's data archiving guidance](#). If selected for an award, grantees will be expected to have a formal agreement in place with partnering agencies by January 1, 2024. That formal agreement must include a provision to meet the data archiving requirements of the award.

NIJ seeks proposals that include robust, creative, and multi-pronged dissemination strategies that include strategic partnerships with organizations and associations that are best equipped to ensure that research findings lead to changes in policies and practices related to the subjects of study. Special consideration will be given to proposals that dedicate at least 15% of the requested project award funding toward implementing such strategies, as demonstrated in the Budget Worksheet and Budget Narrative.

In the case of partnerships that will involve the use of federal award funds by multiple partnering agencies to carry out the proposed project, only one entity/partnering agency may be the applicant (as is the case with any application submitted in response to this solicitation); any others must be proposed as subrecipients. The applicant is expected to conduct a majority of the work proposed.

Statutory Authority

Department of Justice Appropriations Act, 2023 (Pub. L. No. 117-328, 136 Stat. 4459, 4542-4543); 28 U.S.C. 530C.

Specific Information

Interpersonal violence (IV) is a broad term that includes violence committed by partners, family members, acquaintances, and strangers, including nonconsensual sexual contact, intimate partner violence, and stalking.^{[1] [2]} The prevalence, nature, and outcomes of IV among young adults have been widely studied.^{[3] [4]} Nonetheless, studies have primarily

focused on college students, and there is limited information about how these IV (victimization and perpetration) experiences, associated risks, and consequences may differ among young adults who attend college as compared to those who do not. These differences are important to consider, as aspects of the college setting and environment may influence and shape IV experiences of students. For example, campus alcohol policies, events and parties hosted by fraternities and other social groups, and other campus variables such as campus size and percentage of students who live on campus have been shown to be associated with sexual violence.^[5] However, a recent study supported by NIJ indicates that young adults who attend college may be at significantly less risk for experiencing certain types of dating violence or sexual assault.^[6] Thus, more comprehensive research is needed to better understand the context of college and non-college experiences that may contribute to or protect against IV in young adulthood.

In FY 2016, NIJ funded the initial planning phase of a nationally representative, longitudinal study of IV among college-aged individuals (for a copy of the solicitation, see <https://nij.ojp.gov/funding/opportunities/nij-2016-9032>). In FY 2018, NIJ made a supplemental award to conduct a robust, comprehensive pilot test of key study elements to provide important information and direction for the larger longitudinal study, especially around sampling, recruitment, and retention of study participants; measurement of IV; and the mode of survey delivery (for additional details see <https://nij.ojp.gov/funding/awards/2016-mu-mu-k074>). The pilot effort resulted in a plan that included multiple considerations for the successful implementation of a national longitudinal study, which is detailed in the final report (see <https://www.ojp.gov/pdffiles1/nij/grants/300704.pdf>). The study data and supporting materials are available at the National Archive of Criminal Justice Data (NACJD ICPSR 37914, <https://www.icpsr.umich.edu/web/NACJD/studies/37914>).

With this solicitation, NIJ seeks proposals for a nationally representative, longitudinal study examining the long-term trajectories of risk for, experiences with, and recovery after experiencing IV (victimization and perpetration) among young adults (ages 18 to 24) who do and do not attend college. NIJ expects that this effort will be funded incrementally, dependent upon the availability of funds. Applicants are expected to develop their project design in phases with discrete deliverables at the end of each phase, and to budget accordingly.

Applicants' proposed analysis plans must include students attending colleges and universities and a comparison group of individuals not attending colleges and universities. Although comparisons among those who attend college (including two-year versus four-year college) and those who do not attend college are of primary interest for NIJ, applicants are expected to propose other analyses to address major research gaps in the field, including subgroup analyses (e.g., examining differences across victimization types; demographic characteristics of victims and individuals who use violence, as well as differences between those who attend two- year versus four-year colleges).

Applicants should describe the proposed sampling design and frame to include a power analysis showing the calculation used to demonstrate the required sample size to produce reliable estimates and to conduct statistical tests for group comparisons. Applicants must provide proposed survey content sources and validation for each instrument offered. Applicants should describe plans for instrument development,

evaluation, and testing. In addition, applicants should outline recruitment and retention strategies (including how they will track participants over time and achieve target response rates), relevant mitigation plans, and an incentive scheme. Applicants should describe the anticipated survey operations and protocols to include the development of interviewer materials and quality control procedures. Applicants must describe their plan for data processing procedures, including data edits, non-response adjustments, and data documentation. Finally, applicants should describe the expected survey estimation methods and analysis plan to produce accurate incidence rates and relevant subgroup comparisons. The final approved study design must include a comprehensive plan to conduct the study in five waves over six years, including how the study will address threats to validity such as participant attrition and missing data.

The research team should be interdisciplinary and comprised of individuals with demonstrated expertise covering the following areas:

- Large-scale, longitudinal survey data collection efforts.
- Victimization and perpetration among teen and young adult populations.
- Interpersonal and family violence.
- Large-scale survey sampling methods, statistics, weighting, and estimation.
- Instrument design/development, testing, and validation.
- Survey measurement and constructs.
- Translation and implementation science.

Staffing plans should be clearly delineated and justified and include education, all relevant subject matter expertise, and years of demonstrated experience. It is recommended that applicants propose multi-agency or multi-institution collaborations to meet the goals of this solicitation. Proposals should also include a detailed management strategy for communicating with NIJ throughout the course of the project.

The funds provided with this solicitation in FY 2023 are intended to support only the initial phase(s) of this multi-year effort to include, at a minimum: (1) securing institutional review board(s) review(s) and approval(s) of the proposed research; (2) completing all Office of Management and Budget (OMB) Paperwork Reduction Act Information Collection Review requirements; (3) securing all necessary legal documents, agreements, and commitments; (4) reviewing, revising, and finalizing the sampling plan; (5) reviewing, revising (if needed), and finalizing the survey instrument and other study materials; (6) reviewing, revising, and finalizing study protocols and training materials; (7) developing, testing, and finalizing the plan for survey operations and data collection mode(s); and (8) drafting and finalizing a comprehensive survey estimation and analysis plan, to include non-response adjustment strategies and non-response bias studies.

The SF-424 and JustGrants budget submitted with the application should reflect the initial phase(s) to be supported by funding available under this solicitation. The applicant is also expected to provide, as a separate attachment, a budget for the **full** multi-year study using the budget template available at <https://www.ojp.gov/funding/apply/forms/ojp-budget-detail-worksheet>.

This project will be awarded in the form of a cooperative agreement. Applicants should anticipate starting work no earlier than January 1, 2024. It is anticipated that upon

successful completion of the initial phase(s), subsequent years of the project will be funded as a supplement, dependant upon the availability of funds. The applicant's proposed deliverables for the initial phase(s) must include, at a minimum, the deliverables identified under "Interim Project Deliverables" (see below under "Deliverables").

Additional Information

Applicants should discuss potential risks and harms to individuals or groups associated with the use and/or misuse of any practice or technology proposed as a part of the research and evaluation, as well as any ethical considerations that may factor into its use. In addition, applicants should be aware of all relevant statutes, regulations, and/or governing judicial decisions (e.g., established case law, prevailing court rulings) related to the practice or technology's proposed use. Any limitations that may impede the lawful use or implementation of any practice or technology proposed should be described, and a realistic approach to mitigate such limitations in the context of the proposed research should be discussed.

New Investigator/Early Career Opportunity

NIJ is interested in supporting researchers who are early in their careers and new to NIJ's research grant portfolios, specifically non-tenured assistant professors, or equivalent full-time staff scientist positions in a research institution. To that end, NIJ may, in appropriate circumstances, give special consideration in award decisions to applications proposing such researchers as project team members. To qualify, the proposed PI must at the time of application submission:

- Hold a non-tenured assistant professor appointment at an accredited institution of higher education in the United States or an equivalent full-time staff scientist position at a research institution in the United States.
- Have completed a terminal degree or post-graduate clinical training within the six (6) years prior to September 30, 2023.
- Have never previously received NIJ funding as a PI on a research project with the exception of Graduate Research Fellows.

If seeking to be considered for the New Investigator/Early Career Opportunity, the applicant should identify that it is submitting a New Investigator/Early Career proposal on the title page of the application. Furthermore, the project management plan should specify how the experienced principal investigators (PIs) will mentor new investigator/early career researchers.

Goals, Objectives, and Deliverables

Goals

The goal of this solicitation is to advance knowledge regarding the interpersonal violence (IV) experiences of young adults, because they have an increased risk of victimization and involvement in perpetration. Of particular interest is the collection of data that will support analyses comparing IV experiences among young adults who attend college versus those who do not.

Objectives

An applicant should address all the objectives listed below in the Goals, Objectives, Deliverables and Timeline web-based form.

This solicitation seeks to support a research project that provides a comprehensive plan to conduct a nationally representative, longitudinal study examining risk for, experiences with, and recovery after experiencing IV (victimization and perpetration) among young adults who do and do not attend college.

Deliverables

Final Research Report. Any recipient of an award under this solicitation will be expected to submit a final research report, which should include the interim project deliverables as described below. Additional information about the final research report requirement for the solicitation is posted on NIJ's [webpage](#).

Interim Project Deliverables. The applicant's proposed deliverables for the initial phase(s) supported by funding from this solicitation must include, at a minimum, the following: conceptual framework; research questions; study design including sampling plan(s), survey instrumentation, human subjects and other ethical procedures and protocols (e.g., graduated consent, distress procedures); engagement and recruitment strategies/materials (and mitigation plan for issues with recruitment and retention); incentive structure or plan; training materials; source code and programming details for data collection, processing, and edits; a comprehensive survey estimation and analysis plan; proposed statistical tabulations and table shells; and a timeline and cost estimates for study implementation.

Required Data Sets and Associated Files and Documentation. Any recipient of an award under this solicitation will be expected to submit to the National Archive of Criminal Justice Data (NACJD) all data sets that result in whole or in part from the work funded by the award, along with associated files and any documentation necessary for future efforts by others to reproduce the project's findings and/or to extend the scientific value of the data set through secondary analysis.

In addition to these deliverables (and the required reports and data on performance measures), NIJ expects scholarly products to result from each award under this solicitation, taking the form of one or more published, peer-reviewed, scientific journal articles, and/or (if appropriate) law review journal articles, book chapter(s) or book(s) in

the academic press, technological prototypes, patented inventions, or similar scientific products. NIJ expects that there will be an equal effort to make the research findings accessible to practitioner and policymaker audiences.

The goals, objectives, and deliverables are directly related to the performance measures that show the completed work's results, as discussed in the "Application and Submission Information" section.

Priority Areas

The Department of Justice is committed to advancing work that promotes civil rights and racial equity, increases access to justice, supports crime victims and individuals impacted by the justice system, strengthens community safety and protects the public from crime and evolving threats, and builds trust between law enforcement and the community.

1. Priority Considerations Supporting Executive Order 13985, *Advancing Racial Equity and Support for Underserved Communities Through the Federal Government*

In support of Executive Order 13985, OJP will give priority consideration to:

A. Applications that propose research project(s) that are designed to promote racial equity **and** the removal of barriers to access and opportunity for communities that have been historically underserved, marginalized, and adversely affected by inequality, when making award decisions.

To receive this consideration, the applicant must describe how the proposed project(s) will address potential inequities and barriers to equal opportunity, and/or contribute to greater access to services for underserved and historically marginalized populations.

B. Applicants that demonstrate that their capabilities and competencies for implementing their proposed project(s) are enhanced because they (or at least one proposed subrecipient that will receive **at least 40%** of the requested award funding, as demonstrated in the Budget Web-Based Form) identify as a *culturally specific organization*.

To receive this additional priority consideration, applicants must describe how being a culturally specific organization (or funding the culturally specific subrecipient organization (s)) will enhance their ability to implement the proposed project(s) and should also specify which populations are intended or expected to be served or to have their needs addressed under the proposed project(s).

Culturally specific organizations are defined for the purposes of this solicitation as private nonprofit or tribal organizations whose primary purpose as a whole is to provide culturally specific services to racial and ethnic groups, including, among others, Black people, Hispanic and Latino people, Native American and other Indigenous peoples of North

America (including Alaska Native, Eskimo, and Aleut), Asian Americans, Native Hawaiians, and/or Pacific Islanders.

2. Minority Serving Institutions

NIJ will give special consideration in award decisions to proposals from Minority Serving Institutions (MSIs).

MSIs include:

- Historically Black Colleges and Universities (HBCU)
- Hispanic-serving Institutions (HSI)
- Tribal Colleges and Universities (TCU)
- Alaska Native-serving Institutions or Native Hawaiian-serving Institutions (ANNH)
- Predominantly Black Institutions (PBI)
- Asian American and Native American Pacific Islander-serving Institutions (AANAPISI)
- Native American-serving Non-Tribal Institutions (NASNTI)

Whether an institution is an MSI is based on the original purpose of its establishment or its current enrollment thresholds and is designated as such by the federal government for various purposes under specific statutes. For more information, please see the U.S. Department of Education's [definitions](#) and [lists of institutions](#). (The lists are provided for reference purposes only; MSI status is not an eligibility criterion for this solicitation.)

Note: Addressing these priority areas is one of many factors that NIJ considers in making funding decisions. Receiving priority consideration for one or more priority areas does not guarantee an award.

Continuation Funding Intent

NIJ may, in certain cases, provide additional funding in future years to awards made under this solicitation through continuation awards. NIJ will consider, among other factors, NIJ's strategic priorities, a recipient's overall management of the award, and the award-funded work's progress, when making continuation award decisions.

Availability of Funds

This solicitation, and awards under this solicitation, are subject to the availability of appropriated funds and to any modifications or additional requirements that may be imposed by the agency or by law. In addition, nothing in this solicitation is intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

Type of Award

NIJ expects to make an award under this solicitation as a cooperative agreement, which provides for OJP to have substantial involvement in carrying out award activities. See the "Administrative, National Policy, and Other Legal Requirements" section of the [OJP Grant Application Resource Guide for additional information](#).

Financial Management and System of Internal Controls

Award recipients and subrecipients (including recipients or subrecipients that are pass-through entities) must, as described in the Part 200 Uniform Requirements as set out at 2 C.F.R. 200.303, comply with standards for financial and program management. See the [OJP Grant Application Resource Guide](#) for additional information.

Budget Information

NIJ expects that the applicant structure the application in discrete phases, with each phase resulting in completion of one or more significant, defined milestones—specifically including the narrative, expected scholarly products, timelines/milestones, discrete

deliverables, and budget detail worksheet and budget narrative — to clearly define each phase. Given limitations on the availability to NIJ of funds for awards for research, development, and evaluation, this information will assist NIJ in considering whether partial funding of applications would be productive. (If, in FY 2023, NIJ elects to fund only certain phases of a proposed project, the expected scholarly products from the partial-funding award may, in some cases, vary from those described above.)

NIJ may elect to fund applications submitted under this FY 2023 solicitation in future fiscal years, dependent on, among other considerations, the merit of the applications and on the availability of appropriations.

What will not be funded:

- Applications primarily to purchase equipment, materials, or supplies, or to provide direct services. (A budget may include these items if they are necessary to conduct research, development, demonstration, evaluation, or analysis.)
- Applications that are not responsive to the purposes of this specific solicitation.

The applicant should identify within their budget which items, services, etc., will/would be covered by matching sources and explain what type of match will be provided.

Cost Sharing or Matching Requirement

See “Cofunding” paragraph under “Budget and Associated Documentation” in the “Application and Submission Information” section.

Pre-agreement Costs (also known as Pre-award Costs)

See the [OJP Grant Application Resource Guide for](#) information on pre-agreement costs (also known as pre-award costs).

Limitation on Use of Award Funds for Employee Compensation: Waiver

See the [OJP Grant Application Resource Guide](#) for information on the Limitation on Use of Award Funds for Employee Compensation; Waiver.

Prior Approval, Planning, and Reporting of Conference/Meeting/Training Costs

See the [OJP Grant Application Resource Guide](#) for information on Prior Approval, Planning, and Reporting of Conference/Meeting/Training Costs.

Costs Associated with Language Assistance (if applicable)

See the [OJP Grant Application Resource Guide](#) for information on Costs Associated with

Language Assistance.

Anticipated Maximum Dollar Amount of Awards

To be determined by the research requirements proposed in the application selected for award. Applicants are encouraged to submit budgets that match the research activities offered, up to the total dollar amount anticipated to be awarded under this solicitation.

Period of Performance Duration

To be determined by the period of performance of the awarded application. However, the awardee will be expected to complete the work proposed within a two-year period of performance.

Eligibility Information

For eligibility information, see the solicitation cover page.

For information on cost sharing or match requirements, see the “Federal Award Information” section.

For the purposes of this solicitation, “state” means any state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands, Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands.

Foreign governments, foreign organizations, and foreign colleges and universities are not eligible to apply. Federal agencies are eligible to apply. (Any award made to a federal agency will be made as an inter-agency reimbursable agreement.)

Notice regarding law enforcement agencies: State, local, and university or college law enforcement agencies must be certified by an approved independent credentialing body or have started the certification process to be eligible for FY 2023 DOJ discretionary grant funding. To become certified, the law enforcement agency must meet two mandatory conditions: (1) the agency’s use-of-force policies adhere to all applicable federal, state, and local laws, and (2) the agency’s use-of-force policies prohibit chokeholds except in situations where use of deadly force is allowed by law. The certification requirement also applies to law enforcement agencies receiving DOJ discretionary grant funding through a subaward. For detailed information on this certification requirement, please visit <https://cops.usdoj.gov/SafePolicingEO> to access the Standards for Certification on Safe Policing for Safe Communities, the Implementation Fact Sheet, and the List of Designated Independent Credentialing Bodies.

All recipients and subrecipients (including any for-profit organization) must forgo any profit or management fee.

Application and Submission Information

Content of Application Submission

The following application elements **must** be included in the application to meet the basic minimum requirements to advance to peer review and receive consideration for funding:

- Proposal Narrative
- Budget Web-Based Form (The web-based form includes the budget details and the budget narrative.)
- Budget for the full multi-year study as an Appendix, using the budget template available at <https://www.ojp.gov/funding/apply/forms/ojp-budget-detail-worksheet>.
- Curriculum Vitae/Resumes for Key Personnel. (For purposes of this solicitation, “key personnel” means the principal investigator, and any and all co-principal investigators.)

If NIJ determines that an application does not include these elements, it will neither proceed to peer review, nor receive further consideration.

Information to Complete the Application for Federal Assistance (SF-424) in Grants.gov

The SF-424 must be submitted in Grants.gov. It is a required standard form used as a cover sheet for submission of pre-applications, applications, and related information. See the [OJP Grant Application Resource Guide](#) for additional information on completing the SF-424.

In Section 8F of the SF-424, please include the name and contact information of the individual **who will complete the application in JustGrants**. JustGrants will use this information (*email address*) to assign the application to this user in JustGrants.

Intergovernmental Review: This solicitation (“funding opportunity”) **is not** subject to [Executive Order \(E.O.\) 12372](#). (In completing the SF-424, an applicant is to answer question 19 by selecting “Program is not covered by E.O. 12372.”)

Standard Applicant Information (JustGrants 424 and General Agency Information)

The “Standard Applicant Information” section of the JustGrants application is pre-populated with the SF-424 data submitted in Grants.gov. The applicant will need to review the Standard Applicant Information in JustGrants and make edits as needed.

Within this section, the applicant will need to add ZIP codes for areas affected by the project; confirm their Authorized Representative; and verify and confirm the organization's unique entity identifier, legal name, and address.

Proposal Abstract

A Proposal Abstract (no more than 400 words) summarizing the proposed project—including its purpose, primary activities, expected outcomes, the service area, intended beneficiaries, and subrecipients (if known) — must be completed in the JustGrants web-based form. This abstract should be in paragraph form, without bullets or tables, written in the third person, and exclude personally identifiable information. Abstracts will be made publicly available on the OJP and USASpending.gov websites if the project is awarded. See the [OJP Grant Application Resource Guide](#) for an example of a proposal abstract.

Proposal Narrative

The Proposal Narrative should be submitted as an attachment in JustGrants. The attached document should be double-spaced, using a standard 12-point font; have no less than 1-inch margins; and should not exceed 30 numbered pages. If the Proposal Narrative fails to comply with these length restrictions, NIJ may consider such noncompliance in peer review and in the final award decision.

The Proposal Narrative should include the following sections:

a. Title Page (not counted against the proposal narrative page limit)

The title page should include:

- Project title.
- Submission date.
- Funding opportunity number.
- Principal Investigator (and any co-principal investigators).
- Unique author identifier (e.g., ORCID, ResearcherID, Scopus Author ID), if available.
- Requests for consideration under “new investigator” and/or “priority areas of research” areas.
- Key words, including science focus areas.
- Contact information (that is, name, address, telephone number, and e-mail address) for both the applicant and the principal investigator.

b. Resubmit Response (if applicable) (not counted against the proposal narrative page limit.)

If an applicant is resubmitting an application presented previously to NIJ, but not funded, the applicant should indicate this. A statement should be provided, no more than two pages, addressing: (1) the title, submission date, and NIJ-assigned application number of the previous application, and (2) a brief summary of revisions to the application, including responses to previous feedback received from NIJ.

c. Table of Contents and Figures (not counted against the proposal narrative page limit)

d. Main Body

1. Statement of the Problem

The statement of the problem should address the need for research in this area. Applicants should discuss current gaps in data, research, and knowledge, including those for particular justice sectors, for certain populations, and to answer questions relevant to current policy and practice needs and public interests. It is not uncommon for multiple problems to exist simultaneously (for example, there may be a criminal justice problem affecting public safety, a current technical challenge/ need identified by forensic practitioners, as well as a scientific/technology gap between the current state of the art and a desired solution) and applicants should discuss each of these clearly and justify the importance of the separate issues. As part of this discussion, applicants should present a review of previous literature and discuss previous research related to these problems.

2. Project Design and Implementation

Applicants should provide a detailed description of the strategies to implement this research project and address the research questions. Design elements should follow directly from the research project's goals and objectives and address the program-specific information noted in the solicitation. Applicants should describe the research methodology and analysis plan in detail and demonstrate the validity and usefulness of the data they will collect. Applicants should consider the rigor and soundness of the methodology and analytical and technical approaches for the proposed research and address the feasibility of the proposed project and potential challenges or problems in carrying out the activities.

If the applicant is seeking priority consideration for Priority 1(A), it should address in this section how the proposed project(s) will address issues related to racial equity **and** the removal of barriers to access and opportunity, and/or contribute to greater access to services, for communities that have been historically underserved, marginalized, and adversely affected by inequality, and should also identify how the project design and implementation will specifically incorporate the input or participation of these communities.

3. Potential Impact

Applicants should describe the potential impact of the research and how it may inform or improve criminal or juvenile justice-related policy, practice, or theory in the United States. The applicant should include a discussion of the proposed dissemination plan to produce scholarly products and to make information available to broader interested audiences, such as criminal justice practitioners or policymakers.

4. Capabilities and Competencies

This section should describe the experience and capability of the applicant organization, key staff, and any proposed subgrantees (including consultants) that the applicant will use to implement and manage this effort and the federal funds under this award, highlighting any previous experience implementing projects of similar scope, design, and magnitude. Applicants should address:

- Experience and capacity to work with the proposed data sources in the conduct of similar research efforts.
- Experience and capacity to design and implement rigorous research and data analysis projects.
- Experience producing and disseminating meaningful deliverables.

Applicants should also outline the management plan and organization that connects to the goals and objectives of the project. Among other factors, that plan should include a description of the anticipated level of effort of key personnel.

If the applicant is seeking priority consideration under Priority 1(B), it should describe within this section how being a culturally specific organization (or funding a culturally specific subrecipient organization at a minimum of **40%** of the project budget) will enhance its ability to implement the proposed project(s) and specify which culturally specific populations are intended or expected to be the subject and/or beneficiary of the research conducted under the proposed project(s).

5. Appendices (not counted against the proposal narrative page limit) include:

- The project management plan.
- Budget for the full multi-year study using the budget template available at <https://www.ojp.gov/funding/apply/forms/ojp-budget-detail-worksheet>.
- If the application (including the budget) identifies any proposed non-competitive agreements that are or may be considered procurement "contracts" (rather than subawards), for purposes of federal grants administrative requirements, the applicant also must list the entities with which the applicant proposes to contract.
- List of other agencies, organizations, or funding sources to which this application has been submitted (if applicable).

6. Plan for Collecting the Data Required for this Solicitation's Performance Measures

Note: An applicant is **not** required to submit performance data with the application. Rather, performance measure information is included as a notification that award recipients will be required to submit performance data as part of each award's reporting requirements. Some measures are presented as examples, while others are the exact measures that every recipient will be expected to address.

OJP will require each award recipient to submit regular performance data that show the completed work's results. The performance data directly relate to the goals, objectives, and deliverables identified in the "Goals, Objectives, and Deliverables" discussion. Applicants can visit OJP's performance measurement page at www.ojp.gov/performance for an overview of performance measurement activities at OJP.

A list of performance measure questions for this program can be found in the 'Performance Measures' section below.

NIJ will require award recipients to submit performance measure data in quarterly financial reports, semi-annual performance reports, and the final research report and separately submit a semi-annual performance report in JustGrants. NIJ will provide further guidance on the post-award submission process if the applicant is selected for award.

Goal, Objective and Deliverables

The applicant will submit the project's goals, objectives, deliverables and timeline in the JustGrants web-based form. The applicant will also enter the projected fiscal year and quarter that each objective and deliverable will be completed. Please refer to the [Application Submission Job Aid](#) for step-by-step directions.

Goals. The applicant should describe the project's intent to change, reduce, or eliminate the problem noted in the previous section and outline the project's goals.

Program Objectives. The applicant should explain how the program will accomplish its goals. Objectives are specific, quantifiable statements of the project's desired results. They should be measurable and clearly linked to the goal.

Deliverables. Project deliverables refer to outputs—tangible or intangible—that are submitted within the scope of a project.

Budget and Associated Documentation

Budget Worksheet and Budget Narrative (Web-based Form)

The applicant will complete the JustGrants web-based budget form. For additional information, see the [OJP Grant Application Resource Guide](#) and the [Complete the Application in JustGrants – Budget](#) training.

The following paragraph (on “Cofunding”) expressly modifies the “Cost Sharing or Matching Requirement” provisions in the [OJP Grant Application Resource Guide](#). The applicant is to follow the guidance in the following paragraph instead of the guidance stated under the “Cost Sharing or Matching Requirement” heading in the OJP Grant Application Resource Guide.

Cofunding: An award made by NIJ under this solicitation may account for up to 100 percent of the total cost of the project. The application should indicate whether it is feasible for the applicant to contribute cash, facilities, or services as non-federal support for the project. The application should identify generally any such contributions that the applicant expects to make and the proposed budget should indicate in detail which items, if any, will be supported with non-federal contributions.

For additional match information, see the “Cost Sharing or Match Requirement” section under Federal Award Information.

If a successful application proposes a voluntary match amount, and OJP approves the budget, the total match amount incorporated into the approved budget becomes mandatory and subject to audit.

If the applicant is seeking priority consideration for Priority 1(A), it should address in this section how the proposed project(s) will address issues related to racial equity **and** the removal of barriers to access and opportunity, and/or contribute to greater access to services, for communities that have been historically underserved, marginalized, and adversely affected by inequality, and should also identify how the project design and implementation will specifically incorporate the input or participation of these communities.

If the applicant is seeking priority consideration under Priority 1(B) based on the identification of at least one proposed subrecipient as a culturally specific organization, the proposed funding for the subrecipient in the web-based budget form **must reflect a minimum of 40% of award funding**. The budget narrative must also describe how the activities that will be funded with the (minimum) 40% of award funding provided to the subrecipient **specifically relate to the priority consideration requested** and described in the Capabilities and Competencies section of the application.

Pre-agreement Costs (also known as Pre-award Costs)

See the section on Costs Requiring Prior Approval in the [DOJ Grants Financial Guide](#)

[Post Award Requirements](#) for more information.

Indirect Cost Rate Agreement (if applicable)

If applicable, the applicant will upload their indirect cost rate agreement as an attachment in JustGrants. See the [OJP Grant Application Resource Guide](#) for more information on indirect costs.

Consultant Rate

See the [DOJ Grants Financial Guide](#) for information on the consultant rates which require prior approval from OJP.

Limitation on Employee Compensation; Waiver

See the [OJP Grant Application Resource Guide](#) for information on the Limitation on Use of Award Funds for Employee Compensation for Awards over \$250,000; Waiver.

Financial Management and System of Internal Controls Questionnaire (including applicant disclosure of high-risk status)

The applicant will download the questionnaire, complete it, and upload it as an attachment in JustGrants. See the [OJP Grant Application Resource Guide](#) for the link to the questionnaire and additional information.

Disclosure of Process Related to Executive Compensation

This solicitation expressly modifies the OJP Grant Application Resource Guide by not incorporating its “Disclosure of Process Related to Executive Compensation” provisions. Applicants to this solicitation are not required to provide this disclosure.

Additional Application Components

The applicant will attach the additional requested documentation in JustGrants.

Curriculum Vitae or Resumes

Provide curriculum vitae or resume of the principal investigator and any and all co-principal investigators. In addition, curriculum vitae, resume, or biographical sketches of all other individuals (regardless of “investigator” status) who will be significantly involved in substantive aspects of the proposed project (including, for example, individuals such as statisticians used to conduct proposed data analysis).

Tribal Authorizing Resolution

An application in response to this solicitation may require inclusion of tribal authorizing documentation as an attachment. If applicable, the applicant will upload the tribal authorizing documentation as an attachment in JustGrants. See the [OJP Grant Application Resource Guide](#) for information on tribal authorizing resolutions.

Timeline Form

Proposed project timeline and expected milestones.

Letters of Support

Letters of cooperation/support or administrative agreements from organizations collaborating in the project, such as law enforcement and correctional agencies (if applicable).

Research and Evaluation Independence and Integrity Statement

If an application proposes research (including research and development) and/or evaluation, the applicant must demonstrate research/evaluation independence and integrity, including appropriate safeguards, before it may receive award funds. The applicant will upload documentation of its research and evaluation independence and integrity as an attachment in JustGrants. For additional information, see the [OJP Grant Application Resource Guide](#).

Bibliography/reference

Provide a bibliography of any references cited in the Proposal Narrative.

Any Tools/Instruments, Questionnaires, Tables/Charts/Graphs, or Maps

Any tools/instruments, questionnaires, tables/charts/graphs, or maps pertaining to the proposed project that are supplemental to such items included in the main body of the narrative.

List of Individuals in the Application

To assist OJP in assessing actual or apparent conflicts of interest (including such conflicts on the part of prospective reviewers of the application), provide a complete list of the individuals named or otherwise identified anywhere in the application (including in the budget or in any other attachment) who will or may work (or advise or consult) on the proposed research, development, or evaluation project. Applicants should use the “[Proposed Project Staff, Affiliation, and Roles](#)” form available on the NIJ webpage to

prepare this list.

Human Subjects Protection

Human Subjects Protection paperwork as a separate attachment (documentation and forms related to Institutional Review Board [IRB] review). See <https://nij.ojp.gov/funding/human-subjects-protection>. **Note:** Final IRB approval is not required at the time an application is submitted.

Privacy Certificate

Privacy Certificate as a separate file (for further guidance go to <https://nij.ojp.gov/funding/confidentiality-and-privacy-protections> and <https://nij.ojp.gov/funding/model-privacy-certificate>).

Request to Use Incentives or Stipends

Applicants proposing to use incentives or stipends payments as part of their research project design, must submit an incentive or stipend approval request, as a separate document, according to the requirements set forth at <https://nij.ojp.gov/funding/participant-support-costs-and-incentives-social-science-research>.

Documentation of “new investigator” status, if applicable

Documentation of “new investigator” status, if applicable.

Consortium/Contractual Arrangements

Explain the programmatic, fiscal, and administrative arrangements to be made between the applicant organization and the consortium organization(s).

Data Archiving Plan

Applicants should anticipate that NIJ will require, through special award conditions, that data sets resulting in whole or in part from projects funded under this solicitation be submitted for archiving with the NACJD. See <https://nij.ojp.gov/funding/data-archiving>.

Applications should include as a separate file a brief plan — labeled “Data Archiving Plan” — to comply with data archiving requirements. The plan should provide brief details about proposed data management and archiving, including submission to NIJ (through NACJD) of **all files and documentation** necessary to allow for future efforts by others to

reproduce the project's findings and/or to extend the scientific value of the data set through secondary analysis. Pertinent files and documentation include, among other things, qualitative and quantitative data produced, instrumentation and data collection forms, codebook(s), any specialized programming code necessary to reproduce all constructed measures and the original data analysis, description of necessary de-identification procedures, and (when required) a copy of the privacy certificate and informed consent protocols.

The plan should be one or two pages in length and include the level of effort associated with meeting archiving requirements.

Note that recipients are strongly encouraged to submit required data sets at least 90 days before the end of the period of performance.

Disclosures and Assurances

The applicant will address the following disclosures and assurances.

Disclosure of Lobbying Activities

Complete and submit the SF-LLL in Grants.gov. Once the applicant submits in Grants.gov, this information will pre-pend into JustGrants. See the [OJP Grant Application Resource Guide](#) for additional information.

DOJ Certified Standard Assurances

Review and accept the DOJ Certified Standard Assurances in JustGrants. See the [OJP Grant Application Resource Guide](#) for additional information.

Applicant Disclosure of Duplication in Cost Items

Complete the JustGrants web-based Applicant Disclosure of Duplication in Cost Items form. See the [OJP Grant Application Resource Guide](#) for additional information.

DOJ Certifications Regarding Lobbying; Debarment, Suspension and Other Responsibility Matters; Drug-Free Workplace Requirements; Law Enforcement and Community Policing

Review and accept the DOJ Certified Certifications Regarding Lobbying; Debarment, Suspension and Other Responsibility Matters; Drug-Free Workplace Requirements; Law Enforcement and Community Policing. See the [OJP Grant Application Resource Guide](#) for additional information.

Applicant Disclosure and Justification - DOJ High Risk Grantees

If applicable, submit the DOJ High Risk Disclosure and Justification as an attachment in JustGrants. A DOJ High Risk Grantee is an award recipient that has received a DOJ High Risk designation based on a documented history of unsatisfactory performance;

financial instability; management system or other internal control deficiencies; noncompliance with award terms and conditions on prior awards or is otherwise not responsible. See the [OJP Grant Application Resource Guide](#) for additional information.

How to Apply

Registration: Before submitting an application, all applicants must register with the System for Award Management (SAM). You must renew and validate your registration every 12 months. If you do not renew your SAM registration, it will expire. An expired registration can delay or prevent application submission in Grants.gov and JustGrants. Registration and renewal can take up to 10 business days to complete.

Submission: Applications must be submitted to DOJ electronically through a two-step process via Grants.gov and JustGrants.

Step 1: After registering with SAM, the applicant must submit the **SF-424** and **SF-LLL** in Grants.gov at <https://www.grants.gov/web/grants/register.html> by the Grants.gov deadline. **Submit the SF-424 and SF-LLL as early as possible, but no later than 48 hours before the Grants.gov deadline.** If an applicant fails to submit in Grants.gov, they will be unable to apply in JustGrants.

Step 2: The applicant must then submit the **full application**, including attachments, in JustGrants at [JustGrants.usdoj.gov](https://www.justgrants.usdoj.gov) by the JustGrants deadline.

Within 24 hours after receipt of confirmation emails from Grants.gov, the individual in Section 8F of the SF-424 will receive an email from DIAMD-NoReply@usdoj.gov with instructions on how to create a JustGrants account. Register the Entity Administrator and the Application Submitter with JustGrants as early as possible but no later than 48-72 hours before the JustGrants deadline. Once registered in JustGrants, the Application Submitter will receive an emailed link to complete the rest of the application in JustGrants. The Entity Administrator also will need to log into JustGrants to review and invite the applicant's Authorized Representative(s) before an application can be submitted.

Submit the complete application package in JustGrants at least 24 – 48 hours prior to the JustGrants deadline. Some of the application components will be entered directly into JustGrants, and others will require uploading attached documents. Therefore, applicants will need to allow ample time before the JustGrants deadline to prepare each component. Applicants may save their progress in the system and revise the application as needed prior to hitting the Submit button at the end of the application in JustGrants.

For additional information, see the “How to Apply” section in the [OJP Grant Application Resource Guide](#) and the [DOJ Application Submission Checklist](#).

Submission Dates and Time

The **SF-424** and the **SF-LLL** must be submitted in Grants.gov by 11:59 p.m. eastern

time on April 28, 2023.

The **full application** must be submitted in JustGrants by 8:59 p.m. eastern time on May 12, 2023.

OJP urges applicants to submit their Grants.gov and JustGrants submissions prior to the due dates with sufficient time to correct any errors and resubmit by the submission deadlines if a rejection notification is received. To be considered timely, the **full application** must be submitted in JustGrants by the JustGrants application deadline. Failure to begin the SAM.gov, Grants.gov, or JustGrants registration process in sufficient time (i.e., waiting until the date identified in this solicitation) is not an acceptable reason for late submission.

Experiencing Unforeseen Technical Issues Preventing Submission of an Application

OJP will only consider requests to submit an application after the deadline when the applicant can document that a technical issue with a government system prevented application submission.

If an applicant misses a deadline due to unforeseen technical issues with SAM.gov, Grants.gov, or JustGrants, the applicant may request a waiver to submit an application after the deadline. However, the waiver request will not be considered unless it includes a tracking number generated when the applicant contacts the applicable service desks to report technical difficulties. Tracking numbers are generated automatically when an applicant emails the applicable service desks; and for this reason applicants are encouraged to email the appropriate service desk, even if they also intend to call the service desk for phone support. Experiencing wait times for phone support does not relieve the applicant of the responsibility of getting a tracking number.

An applicant experiencing technical difficulties must contact the associated service desk indicated below to report the technical issue and receive a tracking number:

- SAM.gov - contact the [SAM Help Desk \(Federal Service Desk\)](#), Monday – Friday from 8 a.m. to 8 p.m. ET at 866-606-8220.
- Grants.gov - contact the [Grants.gov Customer Support Hotline](#), 24 hours a day, 7 days a week, except on federal holidays, at 800-518-4726, 606-545-5035, or support@grants.gov.
- JustGrants - contact the JustGrants Service Desk at JustGrants.Support@usdoj.gov or 833-872-5175, Monday – Friday from 7 a.m. to 9 p.m. ET and Saturday, Sunday, and Federal holidays from 9 a.m. to 5 p.m. ET.

If an applicant has technical issues with SAM.gov or Grants.gov, the applicant must

contact the OJP Response Center at grants@ncjrs.gov within **24 hours of the Grants.gov deadline** to request approval to submit after the deadline.

If an applicant has technical issues with JustGrants that prevent application submission by the deadline, the applicant must contact the OJP Response Center at grants@ncjrs.gov within **24 hours of the JustGrants deadline** to request approval to submit after the deadline.

Waiver requests sent to the OJP Response Center must -

- describe the technical difficulties experienced,
- include a timeline of the applicant's submission efforts (e.g., date and time the error occurred, date and time of actions taken to resolve the issue and resubmit; and date and time support representatives responded),
- include an attachment of the complete grant application and all the required documentation and materials,
- include the applicant's Unique Entity Identifier (UEI), and
- include any SAM.gov, Grants.gov, and JustGrants Service Desk tracking numbers documenting the technical issue.

OJP will review each waiver request and the required supporting documentation and notify the applicant whether the request for late submission has been approved or denied. An applicant that does not provide documentation of a technical issue or that does not submit a waiver request within the required time period will be denied.

For more details on the waiver process, OJP encourages applicants to review the “Experiencing Unforeseen Technical Issues” section in the [OJP Grant Application Resource Guide](#).

Application Review Information

Review Criteria

Merit Review Criteria

Applications that meet the basic minimum requirements will be evaluated by peer reviewers on how the proposed project/program addresses the following criteria:

Statement of the Problem (understanding of the problem) (20%)

- Demonstrated understanding of the problem.
- Demonstrated importance of research questions, goals and objectives, including alignment with the aims of the solicitation.
- Demonstrated awareness of the state of current research.

Project Design and Implementation (quality and technical merit) (45%)

- Feasibility of proposed project.
- Soundness of methods and analytic and technical approach to addressing the stated aim(s) of the proposed project.
- Awareness of potential pitfalls of proposed project design and feasibility of proposed actions to minimize and/or mitigate them.
- Feasibility of completing the deliverables noted in the solicitation.

Capabilities and Competencies (capabilities, demonstrated productivity, and experience of the applicant organization and proposed project staff) (20%)

- Qualifications and experience of proposed project staff (that is, the principal investigator, any and all co-principal investigators, and all other individuals (and organizations) identified in the application (regardless of “investigator” status) who will be significantly involved in substantive aspects of the proposed project).
- Demonstrated ability of the applicant organization to implement the proposed strategies and manage the effort.
- Relationship between the capabilities/competencies of the proposed project staff (including the applicant organization) and the scope and strategies of the proposed project.

Potential Impact (10%)

- Potential for a significant scientific or technical advance(s) that will improve criminal/juvenile justice in the United States.
- Potential for significantly improved understanding of the stated criminal/juvenile justice problem.
- Potential for innovative solution to address (all or a significant part of) the stated criminal/juvenile justice problem.
- Strength and feasibility of the proposed dissemination plan to produce scholarly products (such as published, peer-reviewed, scientific journal articles, book chapter (s) or book(s) in the academic press, technological prototypes, patented inventions, databases, standards or similar scientific products) as well as make summary information available to broader interested audiences, such as criminal justice practitioners or policymakers.

Budget (5%)

In addition, peer reviewers will consider and may comment on the following additional items in the context of scientific and technical merit.

- Alignment of the proposed budget with proposed project activities.
- Appropriateness of the budget relative to the level of effort.
- Use of existing resources to conserve costs.

Other Review Criteria/Factors

Other important considerations for NIJ include geographic diversity, strategic priorities (specifically including, but not limited to, those priority areas already mentioned, if applicable), available funding, past performance, and the extent to which the Budget Web-Based Form accurately explains project costs that are reasonable, necessary, and otherwise allowable under federal law and applicable federal cost principles.

Review Process

Applications submitted under this solicitation that meet the basic minimum requirements will be evaluated for technical merit by a peer review panel(s) in accordance with OJP peer review policy and procedures using the review criteria listed above.

OJP screens applications to ensure they meet the basic minimum requirements prior to conducting the peer review. Although specific requirements may vary, the following are common requirements applicable to all OJP solicitations:

- The application must be submitted by an eligible type of applicant.
- The application must request funding within programmatic funding constraints (if applicable).
- The application must be responsive to the scope of the solicitation.
- The application must include all items necessary to meet the basic minimum requirements.

Pursuant to the Part 200 Uniform Requirements, before award decisions are made, OJP also reviews information related to the degree of risk posed by the applicant entity. Among other things to help assess whether an applicant with one or more prior federal awards has a satisfactory record of performance, integrity, and business ethics, OJP checks whether the applicant entity is listed in SAM as excluded from receiving a federal award.

In addition, if OJP anticipates that an award will exceed \$250,000 in federal funds, OJP also must review and consider any information about the applicant entity that appears in the non-public segment of the integrity and performance system accessible through SAM (currently, the Federal Awardee Performance and Integrity Information System, FAPIIS).

Important Note on FAPIIS: An applicant may review and comment on any information about its organization that currently appears in FAPIIS and was entered by a federal awarding agency. OJP will consider such comments by the applicant, in addition to the other information in FAPIIS, in its assessment of the risk posed by the applicant entity.

All final award decisions will be made by the Director of the National Institute of Justice (NIJ), who may take into account not only peer review ratings and NIJ recommendations, but also other factors as indicated in this section.

Federal Award Administration Information

Federal Award Notices

Generally, award notifications are made by the end of the current Federal fiscal year, September 30th. See the [OJP Grant Application Resource Guide](#) for information on award notifications and instructions.

Administrative, National Policy, and Other Legal Requirements

If selected for funding, in addition to implementing the funded project consistent with the OJP-approved application, the recipient must comply with all award conditions and all applicable requirements of federal statutes and regulations, including the applicable requirements referred to in the assurances and certifications executed in connection with award acceptance. For additional information on these legal requirements, see the “Administrative, National Policy, and Other Legal Requirements” section in the [OJP Grant Application Resource Guide](#).

Information Technology Security Clauses

An application in response to this solicitation may require inclusion of information related to information technology security. See the [OJP Grant Application Resource Guide](#) for more information.

General Information about Post-Federal Award Reporting Requirements

In addition to the deliverables described in the “Program Description” section, all award recipients under this solicitation will be required to submit certain reports and data.

Required reports

Award recipients typically must submit quarterly financial reports, semi-annual performance reports, final financial and performance reports, and, if applicable, an annual audit report in accordance with the Part 200 Uniform Requirements or specific award conditions. Future awards and fund drawdowns may be withheld if reports are delinquent. (In appropriate cases, OJP may require additional reports.)

See the [OJP Grant Application Resource Guide](#) for additional information on specific post-award reporting requirements, including performance measure data.

Federal Awarding Agency Contact(s)

For questions directed to the Federal Awarding Agency, see OJP Response Center contact information on cover page.

For OJP contact(s), contact information for Grants.gov, and contact information for JustGrants, see the solicitation cover page.

Application Checklist

NIJ FY23 National Study Examining Interpersonal Violence Experienced By Young Adults

This application checklist has been created as an aid in developing an application. For more information, reference [the OJP Application Submission Steps in the OJP Grant Application Resource Guide](#) and the [DOJ Application Submission Checklist](#).

Pre-Application

Before Registering in Grants.gov:

- Acquire or renew your Entity's [System Award Management \(SAM\)](#) Registration Information (see [OJP Grant Application Resource Guide](#))

Register in Grants.gov

- Acquire an Authorized Organization Representative (AOR) and a Grants.gov username and password (see [OJP Grant Application Resource Guide](#))
- Acquire AOR confirmation from the E-Business Point of Contact (E-Biz POC) (see [OJP Grant Application Resource Guide](#))

Find the Funding Opportunity

- Search for the funding opportunity in Grants.gov using the opportunity number, assistance listing number, or keyword(s)

- Contact the JustGrants Service Desk at 833-872-5175 or [JustGrants.Support@usdoj.gov](mailto:JustGrants.Support@usdoj.gov) regarding technical difficulties. See the [OJP Grant Application Resource Guide](#) for additional information.

#### Standard Solicitation Resources

[OJP Grant Application Resource Guide](#) provides guidance to assist OJP grant applicants in preparing and submitting applications for OJP funding.

[DOJ Grants Financial Guide](#) serves as the primary reference manual to assist award recipients in fulfilling their fiduciary responsibility to safeguard grant funds and to ensure funds are used for the purposes for which they were awarded. It compiles a variety of laws, rules and regulations that affect the financial and administrative management of DOJ awards. This guide serves as a starting point for all award recipients and subrecipients of DOJ grants and cooperative agreements in ensuring the effective day-to-day management of awards.

[JustGrants Resources Website](#) is an entryway into information about JustGrants and the grants management system itself. Through this portal both award recipients and applicants can access training resource and user support options, find frequently asked questions and sign-up for the [JustGrants Update e-newsletter](#).

[JustGrants Application Submission Training Page](#) offers helpful information and resources on the application process. This training page includes e-learning videos, reference guides, checklists and other resources to help applicants complete an application.

[Virtual Q&A Sessions](#) are advertised here and provide opportunities for users to receive topic-specific training, direct technical assistance and support on JustGrants system functionality.
